

System Requirements

SAS OnlineDoc® Version 8 February 2000 PDF Format

SAS OnlineDoc, Version 8, February 2000, PDF Format is comprised of two CDs:

- **SAS OnlineDoc, Version 8, February 2000, HTML Format**
- **SAS OnlineDoc, Version 8, February 2000, PDF Format**

Each CD can be used independently or installed together to provide users at your site with a single point of access to their preferred method of getting SAS System documentation.

A Web browser is required to view both of the SAS OnlineDoc CDs.

Java-enabled Web browsers are required to achieve full functionality of SAS OnlineDoc, but a plain HTML viewing method is provided for Web browsers that do not support Java (see the section **Entry Points to SAS OnlineDoc** in the enclosure **Installing SAS OnlineDoc, Version 8, February 2000, PDF Format**).

Adobe Acrobat Reader is required to view the PDF files on the **SAS OnlineDoc, Version 8, February 2000, PDF Format CD**. Adobe Acrobat Reader, Version 4.0 is recommended.

On UNIX, CMS, OS/390, and OpenVMS Alpha operating systems, the SAS OnlineDoc CD must be installed on a Web server and available to machines with recommended Web browsers. On Windows and OS/2 operating systems, it can be installed and viewed locally or installed to be distributed by a Web server. For details, refer to the documentation for your operating system in the enclosure **Installing SAS OnlineDoc, Version 8, February 2000, PDF Format**.

Caution: **PC Disk Space and the SAS OnlineDoc, Version 8, February 2000, HTML Format CD**

The **SAS OnlineDoc, Version 8, February 2000, HTML Format CD** requires about 335 MB of disk space. However, because of the large volume of files (approximately 39,000, the majority of which are fairly small) and the nature of PC disk space use, you might need more than the 335 MB, depending on the number of sectors per cluster on your hard disk. (Refer to your operating system documentation to learn how you can determine the number of sectors per cluster on your system.) *If using large amounts of disk space is a problem on your system, you are encouraged to run SAS OnlineDoc from the CD-ROM drive unless you are distributing it via a Web server to multiple users.*

To see how much disk space is needed to fully install the CD, use this table.

Sectors per cluster on the PC hard disk	Approximate amount of free disk space required to install the SAS OnlineDoc, Version 8, February 2000, HTML Format CD to the PC hard disk
1	335 MB
2	352 MB
4	373 MB
8	389 MB
16	515 MB
