System Requirements

SAS® Bridge for ESRI 3.1

Basic Installation Requirements

Platform	Installation Space Required
Microsoft Windows	30 MB
Microsoft Windows for x64	30 MB

Additional Requirement Information

The .NET Runtime Environment 2.0 is required to run SAS Bridge for ESRI 3.1.

The SAS Bridge for ESRI 3.1 installs as an extension to the ArcGIS desktop product ArcMap. ArcGIS Desktop 9.2 SP5 or greater must be installed prior to installing the SAS Bridge for ESRI.

In addition, to use the software, access to SAS is necessary either locally or remotely via SAS Integration Technologies.
