The following products are included in SAS Metadata Server. Unless explicitly licensed, use of this software is limited to SAS Metadata Server.

- Base SAS software
- SAS/CONNECT software

Mid-Tier

Note: If you are using an application server on a UNIX machine, SAS strongly recommends that you set the ulimit on that machine to 10240. For details about the procedure to set the ulimit for your operating system, contact your system administrator.

The following products are included with this solution and should be installed on the mid-tier. For information about each product's specific requirements, please see its Systems Requirements document available from Install Center (<http://support.sas.com/idsearch?ct=200000>).

- SAS BI Dashboard
- SAS Information Delivery Portal
- SAS Web OLAP Viewer
- SAS Web Report Studio

Client Tier

The following products are included with this solution and should be installed on the client tier. For information about each product's specific requirements, please see its Systems Requirements document available from Install Center (<http://support.sas.com/idsearch?ct=200000>).

- SAS OpRisk VaR Java Client
- SAS Add-In for Microsoft Office
- SAS Data Integration Studio
- SAS Enterprise Guide
- SAS ESRI Map Manager Plug-in for SAS Management Console
