

SAS[®] Fraud Management

This Road Map briefly describes the media contained in your SAS Fraud Management 2.1 package and how to proceed to install the software.

Description of Your Packages

Your SAS Fraud Management software comes in one installation kit identified as SAS OnDemand Scoring Engine.

How to Proceed

Be sure to terminate all non-essential applications before proceeding with the installation of any CD. Disable any anti-virus software that may be running.

- ❑ To identify the installation kit that contains SAS OnDemand Scoring Engine, see the product listing on the SAS 9.1.3 label on each kit. Unless you have already done so, follow the steps in the *QuickStart Guide* in the Getting Started folder of the SAS OnDemand Scoring Engine kit.
- ❑ Refer to “Appendix N – Implementing SAS Fraud Management Software” in the *Configuration Guide for SAS 9.1.3 Foundation for z/OS* for details on configuring the SAS OnDemand Scoring Engine in the z/OS environment. The *Configuration Guide for SAS 9.1.3 Foundation for z/OS* is located on the **Documentation for Installing and Configuring SAS** CD or Install Center. On the first page, select **Planning Installation Edition Kit**, then select **Configuration Guide—SAS 9.1.3 Foundation for z/OS** in the “Configuration” section under “Post-Installation and Configuration Instructions.”
- ❑ Refer to *SAS Fraud Management: System Administrator's Guide* for details on administering your SAS Fraud Management software. You will need a user ID and a password to access this document at <http://support.sas.com/documentation/onlinedoc/fraudmgmt/index.html>. Please contact SAS Technical Support for the user ID and password required to access this URL.
