

**Release Notes  
SAS® Drug Development 4.5.3  
February 2, 2016**

SAS Note Number	Title
57482	Data set inputs and outputs might be duplicated in the Job Manifest when two or more libraries point to the same path
57550	File is incorrectly recorded twice as an input in reported list of inputs and outputs
57191	Indirect LIBNAME might cause Location, Date, and Size to be missing, and library incorrect in Input and Output tab
57503	LIBNAME statements with a path resolving to a string that includes "/" can cause an error for Job inputs and outputs
57478	Periods in input or output names can prevent appearance in Job Manifest or interactive reported inputs and outputs
57451	Some user interface actions done on PDF files might cause out of JAVA heap memory state
