SAS® OnDemand for Academics: SAS Studio
Registration Instructions

1. Visit the registration application, fill out the appropriate fields, and then click Submit.

2. If you are a returning user, then you already have a userid and a SAS profile (and corresponding SAS profile password). Accept the license agreement and continue to Step 4.
If you are a new user, complete the following form, accept the license agreement, and then click Create Account. Please review the password rules on this form to ensure your password is valid.
3. You will be presented with a window that identifies your user id. Please record this user id. You will need it to sign in to the SAS OnDemand for Academics Control Center and your software application(s).

Click the link to sign in to the SAS OnDemand for Academics Control Center. You will be prompted to sign in using your user id and your SAS profile password.
4. After you have signed in to the SAS OnDemand for Academics Control Center, click the SAS Studio link located under Applications to start the software.
Using SAS Studio Software with a Course

All SAS OnDemand for Academics users receive access to SAS Studio software without being associated with a course. Some instructors might also want to use SAS Studio as part of a course.

When an instructor creates a course, they have the ability to upload data that only the users registered for that course can access.

If you are an instructor and want to teach a course using SAS Studio, then do the following:

1. Sign in to the Control Center.
2. From the Courses I Teach section, click Create a New Course.
3. Define your course. Be sure to choose **SAS Studio** as the software application that you want to use.
Inviting Users (Students) to Register for Your Course

After you have created a course, you can invite users (students) to register for your course. We recommend that you send an e-mail to appropriate users and ask them to do the following:

- Register for SAS OnDemand for Academics (you can refer them to this guide for details)
- After registration is complete, click on the enrollment link for your course (which you should include in your e-mail).

To find the enrollment link for your course, do the following:

1. Visit the SAS OnDemand for Academics Control Center.
2. Enter your userid and SAS profile password and then click Sign In.
3. Under the **Courses I Teach** section, locate the appropriate course and then click **Details**.
4. Locate the **Enrollment Link** field.
