**Michele Burlew** president of Episystems, Inc., designs and programs SAS applications for data management, data analysis, report writing, and graphics for academic and corporate clients. A SAS user since 1980, she has expertise in many SAS products and operating systems. Burlew is the author of five SAS Press books: *Combining and Modifying SAS Data Sets: Examples*,

*Second Edition*; *Debugging SAS Programs: A Handbook of Tools and Techniques*; *Reading External Data Files Using SAS: Examples Handbook*; *SAS Guide to Report Writing: Examples, Second Edition*; and *SAS Macro Programming Made Easy, Second Edition*. She is also a coauthor of the newly released book *Output Delivery System: The Basics and Beyond*.
