OUTPUT DELIVERY SYSTEM: THE BASICS AND BEYOND

**BY: LAUREN E. HAWORTH, CYNTHIA L. ZENDER,
AND MICHELE M. BURLEW**

This highly anticipated new book goes beyond Lauren Haworth's original ODS text to demonstrate the many new and enhanced features of ODS and SAS 9.2. As experienced SAS users, Lauren E. Haworth, Cynthia L. Zender, and Michele M. Burlew know how important it is to be able to produce customized output in different formats to meet the needs of clients.

Geared toward all levels of SAS users, this example-driven book presents each of the wide array of ODS techniques in an easy-to-use, two-page layout, with the text and code on one page and the resulting output on the facing page. The book begins with basic syntax and progresses to more complex techniques and custom styles. Other new features of ODS are also discussed, such as the ODS Graphics Framework and the new ODS Statistical Graphics procedures.

ISBN: 978-1-59994-660-3

List Price: \$69.95
