	<b>Foreword .....</b>	<b>ix</b>
	<b>Preface .....</b>	<b>xi</b>
	<b>Acknowledgments .....</b>	<b>xv</b>
	<b>How to Use This Book .....</b>	<b>xvii</b>
<b>Part 1</b>	<b>The Basics .....</b>	<b>1</b>
<b>Chapter 1</b>	<b>Introduction.....</b>	<b>3</b>
	1.1 What Is Segmentation in the Context of CRM?.....	3
	1.2 Types of Segmentation and Methods .....	5
	1.2.1 Customer Profiling .....	5
	1.2.2 Customer Likeness Clustering.....	8
	1.2.3 RFM Cell Classification Grouping.....	8
	1.2.4 Purchase Affinity Clustering .....	9
	1.3 Typical Uses of Segmentation in Industry .....	9
	1.4 Segmentation as a CRM Tool.....	11
	1.5 References.....	14
<b>Chapter 2</b>	<b>Why Segment? The Motivation for Segment-Based Descriptive Models.....</b>	<b>15</b>
	2.1 Mass Customization Instead of Mass Marketing.....	15
	2.2 Specialized Promotions or Communications by Segment Groups.....	18
	2.3 Profiling of Customers and Prospects .....	19
	2.3.1 Example 2.1: The Data Assay Project.....	21
	2.3.2 Example 2.2: Customer Profiling of the BUYTEST Data Set.....	29
	2.3.3 Additional Exercise .....	34
	2.4 References .....	35
<b>Chapter 3</b>	<b>Distance: The Basic Measures of Similarity and Association .....</b>	<b>37</b>
	3.1 What Is Similar and What Is Not .....	37
	3.2 Distance Metrics As a Measure of Similarity and Association .....	38
	3.3 What Is Clustering? The <i>k</i> -Means Algorithm and Variations. ....	47
	3.3.1 Variations of the <i>k</i> -Means Algorithm .....	48
	3.3.2 The Agglomerative Algorithm .....	49
	3.4 References .....	53

<b>Part 2</b>	<b>Segmentation Galore .....</b>	<b>55</b>
<b>Chapter 4</b>	<b>Segmentation Using a Cell-based Approach .....</b>	<b>57</b>
	4.1 Introduction to Cell-based Segmentation .....	57
	4.2 Segmentation Using Cell Groups—RFM .....	58
	4.2.1 Other Cell Types for Segmentation.....	61
	4.3 Example Development of RFM Cells .....	62
	4.4 Tree-based Segmentation Using RFM .....	68
	4.5 Using RFM and CRM—Customer Distinction .....	73
	4.6 Additional Exercise .....	74
	4.7 References .....	74
	4.8 Additional Reading.....	74
<b>Chapter 5</b>	<b>Segmentation of Several Attributes with Clustering .....</b>	<b>77</b>
	5.1 Motivation for Clustering of Customer Attributes: Beginning CRM.....	77
	5.2 How Can I Better Understand My Customer Base of Over 100,000? .....	78
	5.3 Using a Decision Tree to Create Cluster Segments .....	89
	5.4 References .....	97
	5.5 Additional Reading.....	97
<b>Chapter 6</b>	<b>Clustering of Many Attributes .....</b>	<b>99</b>
	6.1 Closer to Reality of Customer Segmentation .....	99
	6.2 Representing Many Attributes in Multi-dimensions.....	100
	6.3 How Can I Better Understand My Customers of Many Attributes? .....	104
	6.4 Data Assay and Profiling .....	106
	6.5 Understanding What the Cluster Segmentation Found .....	112
	6.6 Planning for Customer Attentiveness with Each Segment .....	114
	6.7 Creating Cluster Segments on Very Large Data Sets .....	115
	6.8 Additional Exercise .....	117
	6.9 References .....	117
<b>Chapter 7</b>	<b>When and How to Update Cluster Segments .....</b>	<b>119</b>
	7.1 What Is the Shelf Life of a Model, and How Can It Affect Your Results? .....	119
	7.2 How to Detect When Your Clustering Model Should Be Updated ....	120
	7.3 Testing New Observations and Score Results.....	128
	7.4 Other Practical Considerations.....	130
	7.5 Additional Reading.....	130

<b>Chapter 8</b>	<b>Using Segments in Predictive Models .....</b>	<b>131</b>
	8.1 The Basis of Breaking Up the Data Space.....	131
	8.2 Predicting a Segment Level.....	133
	8.3 Using the Segment Level Predictions for Customer Scoring .....	144
	8.4 Creating Customer Value Segments.....	144
	8.5 References .....	153
<b>Part 3</b>	<b>Beyond Traditional Segmentation.....</b>	<b>155</b>
<b>Chapter 9</b>	<b>Clustering and the Issue of Missing Data.....</b>	<b>157</b>
	9.1 Missing Data and How It Can Affect Clustering.....	157
	9.2 Analysis of Missing Data Patterns .....	158
	9.3 Effects of Missing Data on Clustering.....	161
	9.4 Methods of Missing Data Imputation.....	168
	9.5 Obtaining Confidence Interval Estimates on Imputed Values .....	177
	9.6 References .....	179
<b>Chapter 10</b>	<b>Product Affinity and Clustering of Product Affinities .....</b>	<b>181</b>
	10.1 Motivation of Estimating Product Affinity by Segment.....	181
	10.2 Estimating Product Affinity Using Purchase Quantities.....	184
	10.3 Combining Product Affinities by Cluster Segments .....	187
	10.4 Pros and Cons of Segment Affinity Scores. ....	191
	10.5 Issues with Clustering Non-normal Quantities.....	192
	10.6 Approximating a Graph-Theoretic Approach Using a Decision Tree.....	199
	10.7 Using the Product Affinities for Cross-Sell Programs .....	205
	10.8 Additional Exercises .....	207
	10.9 References .....	208
<b>Chapter 11</b>	<b>Computing Segments Using SOM/Kohonen for Clustering .....</b>	<b>209</b>
	11.1 When Ordinary Clustering Does Not Produce Desired Results .....	209
	11.2 What Is a Self-Organizing Map? .....	210
	11.3 Computing and Applying SOM Network Cluster Segments .....	212
	11.4 Comparing Clustering with SOM Segmentation.....	219
	11.5 Customer Distinction Analysis Example .....	223
	11.6 Additional Exercise.....	226
	11.7 References .....	226

<b>Chapter 12</b>	<b>Segmentation of Textual Data .....</b>	<b>227</b>
12.1	Background of Textual Data in the Context of CRM .....	227
12.2	Notes on Text Mining versus Natural Language Processing .....	229
12.3	Simple Text Mining Example.....	231
12.4	Text Document Clustering .....	236
12.5	Using Text Mining in CRM Applications .....	246
12.6	References .....	247
<b>Appendix 1</b>	<b>Data Sets Used in Chapter Examples .....</b>	<b>249</b>
<b>Appendix 2</b>	<b>Contents of the Data CD.....</b>	<b>267</b>
<b>Appendix 3</b>	<b>SAS Programs and Macros on the Data CD.....</b>	<b>271</b>
<b>Index</b>	<b>.....</b>	<b>283</b>
