Paper 376-2009

SAS® Workshop: SAS® Business Intelligence

Kari Richardson, SAS Institute Inc.
Eric Rossland, SAS Institute Inc.

ABSTRACT

This workshop provides hands-on experience using SAS® Add-In for Microsoft Office, SAS® Enterprise Guide®, and SAS® Web Report Studio.

Workshop participants will:
- Access a data source and perform an analysis using SAS Add-In for Microsoft Office.
- Perform additional analysis on a data source and turn that analysis into a stored process using SAS Enterprise Guide.
- Build reports from the data source and stored process using SAS Web Report Studio.

No paper was submitted for publication in the *Proceedings*.   Check http://support.sas.com/rnd/papers/ or contact the author.
