

SAS® University Edition: QuickStart Guide for VMware Fusion

These instructions are for using VMware Fusion in Macintosh operating environments.

Step 1: Install VMware Fusion and download the SAS University Edition vApp.

- a. Install the free trial of VMware Fusion using the link provided by your site administrator or from https://my.vmware.com/web/vmware/info/slug/desktop_end_user_computing/vmware_fusion/8_0.
- b. See the SAS University Edition download page (at http://www.sas.com/en_us/software/university-edition/download.html) to get the file for the SAS University Edition vApp. When downloading the SAS University Edition vApp, you might be prompted by your browser to save or run the file. Click **Save** to save this file in your Downloads directory.

Step 2: Add the SAS University Edition vApp to VMware Fusion.

- a. Launch VMware Fusion, and then select **File > Import**. In the Choose an Existing Machine dialog box, click **Choose File**.
- b. From the Downloads directory, select the file for the SAS University Edition vApp (an OVA file). Click **Open**, and then click **Continue**.
- c. When prompted, enter SAS-University-Edition as the name of the new virtual machine and click **Save**.
- d. After the vApp imports, click **Finish**.

Step 3: Create a folder for your data and results.

- a. On your local computer (in a location that you will remember), create a folder called SASUniversityEdition and a subfolder called myfolders. You will save all of your SAS University Edition files to this location.
- b. In VMware Fusion, select the SAS University Edition vApp, and then select **Virtual Machine > Sharing > Sharing Settings**.
- c. In the University: Sharing dialog box, select the **Enable Shared Folders** check box.
- d. To add the shared folder, click **+**. Browse to the location of the SASUniversityEdition folder, and select the myfolders subfolder. Click **Add**.
- e. Close the University: Sharing dialog box.

Step 4: Start the SAS University Edition vApp.

In VMware Fusion, select the SAS University Edition vApp, and then select **Virtual Machine > Start Up**. It might take a few minutes for the virtual machine to start.

Note: When the virtual machine is running, the screen with the SAS logo is replaced with a black console screen (called the Welcome window). You can minimize this window, but **do not close the Welcome window until you are ready to end your SAS session**.

Step 5: Open the SAS University Edition.

- a. In a web browser on your local computer, enter the URL (for example, <http://123.45.67.891>) that appears in the Welcome window.
- b. From the SAS University Edition: Information Center, click **Start SAS Studio**.

For more information about the SAS University Edition, see the FAQs and videos at <http://support.sas.com/software/products/university-edition/index.html>.
