

## Fast-Track Training

SAS offers “fast-track” training courses, where content is consolidated from multiple courses into a concentrated five-day training session. These accelerated courses are for individuals who are capable of learning large amounts of information in a short time period.

A Fast-Track course is available for the SAS Platform Administrator job role.

## Flexible Delivery Methods

Choose from several delivery methods to fit your preferred learning style, including:

- Classroom training (public or on-site).
- Live Web courses.
