How to Help This Book xxvii

Part I Book Overview and Background 1

Introduction 3
- Adventures in Twitter Data Discovery 4
- Contemporary Dataviz 101 9
  - Primary Objective 9
  - Benefits 11
  - More Important Than Ever 13
  - Revenge of the Laggards: The Current State of Dataviz 15
- Book Overview 18
  - Defining the Visual Organization 19
  - Central Thesis of Book 19
  - Cui Bono? 20
  - Methodology: Story Matters Here 21
  - The Quest for Knowledge and Case Studies 24
  - Differentiation: A Note on Other Dataviz Texts 25
  - Plan of Attack 26
- Next 27
- Notes 27

Chapter 1 The Ascent of the Visual Organization 29
- The Rise of Big Data 30
- Open Data 30
- The Burgeoning Data Ecosystem 33
- The New Web: Visual, Semantic, and API-Driven 34
  - The Arrival of the Visual Web 34
  - Linked Data and a More Semantic Web 35
  - The Relative Ease of Accessing Data 36
  - Greater Efficiency via Clouds and Data Centers 37
- Better Data Tools 38
- Greater Organizational Transparency 40
- The Copycat Economy: Monkey See, Monkey Do 41
- Data Journalism and the Nate Silver Effect 41
- Digital Man 44
  - The Arrival of the Visual Citizen 44
  - Mobility 47

The Visual Employee: A More Tech- and Data-Savvy Workforce 47
Navigating Our Data-Driven World 48
Next 49
Notes 49

Chapter 2 Transforming Data into Insights: The Tools 51
Dataviz: Part of an Intelligent and Holistic Strategy 52
The Tyranny of Terminology: Dataviz, BI, Reporting, Analytics, and KPIs 53
Do Visual Organizations Eschew All Tried-and-True Reporting Tools? 55
Drawing Some Distinctions 56
The Dataviz Fab Five 57
Applications from Large Enterprise Software Vendors 57
LESVs: The Case For 58
LESVs: The Case Against 59
Best-of-Breed Applications 61
Cost 62
Ease of Use and Employee Training 62
Integration and the Big Data World 63
Popular Open-Source Tools 64
D3.js 64
R 65
Others 66
Design Firms 66
Startups, Web Services, and Additional Resources 70
The Final Word: One Size Doesn't Fit All 72
Next 73
Notes 73

Part II Introducing the Visual Organization 75

Chapter 3 The Quintessential Visual Organization 77
Netflix 1.0: Upsetting the Applecart 77
Netflix 2.0: Self-Cannibalization 78
Dataviz: Part of a Holistic Big Data Strategy 80
Dataviz: Imbued in the Netflix Culture 81
Customer Insights 82
Better Technical and Network Diagnostics 84
Embracing the Community 88
Lessons 89
Next 90
Notes 90

Chapter 4 Dataviz in the DNA 93
The Beginnings 94
UX Is Paramount 95
The Plumbing 97
Embracing Free and Open-Source Tools 98
Extensive Use of APIs 101
Lessons 101
Next 102
Note 102

Chapter 5 Transparency in Texas 103
Background 104
Early Dataviz Efforts 105
Embracing Traditional BI 106
Data Discovery 107
Better Visibility into Student Life 108
Expansion: Spreading Dataviz Throughout the System 110

Results 111
Lessons 113
Next 113
Notes 114

Part III Getting Started: Becoming a Visual Organization 115

Chapter 6 The Four-Level Visual Organization Framework 117
Big Disclaimers 118
A Simple Model 119
Limits and Clarifications 120
Progression 122
Is Progression Always Linear? 123
Can a Small Organization Best Position Itself to Reach Levels 3 and 4? If So, How? 123
Can an Organization Start at Level 3 or 4 and Build from the Top Down? 123
Is Intralevel Progression Possible? 123
Are Intralevel and Interlevel Progression Inevitable? 123
Can Different Parts of the Organization Exist on Different Levels? 124
Should an Organization Struggling with Levels 1 and 2 Attempt to Move to Level 3 or 4? 124
Regression: Reversion to Lower Levels 124
Complements, Not Substitutes 125
Accumulated Advantage 125
The Limits of Lower Levels 125
Relativity and Sublevels 125
Should Every Organization Aspire to Level 4? 126
Next 126

Chapter 7 WWVOD? 127
Visualizing the Impact of a Reorg 128
Visualizing Employee Movement 129
Starting Down the Dataviz Path 129
Results and Lessons 133
Future 135
A Marketing Example 136
Next 137
Notes 137

Chapter 8 Building the Visual Organization 139
Data Tips and Best Practices 139
Data: The Primordial Soup 139
Walk Before You Run . . . At Least for Now 140
A Dataviz Is Often Just the Starting Point 140
Visualize Both Small and Big Data 141
Don't Forget the Metadata 141
Look *Outside* of the Enterprise 143
The Beginnings: All Data Is Not Required 143
Visualize Good *and* Bad Data 144
Enable Drill-Down 144
Design Tips and Best Practices 148
Begin with the End in Mind (Sort of) 148
Subtract When Possible 150
UX: Participation and Experimentation Are Paramount 150
Encourage Interactivity 151
Use Motion and Animation Carefully 151
Use Relative—Not Absolute—Figures 151
Technology Tips and Best Practices 152
Where Possible, Consider Using APIs 152

Embrace New Tools 152
Know the Limitations of Dataviz Tools 153
Be Open 153
Management Tips and Best Practices 154
Encourage Self-Service, Exploration, and Data Democracy 154
Exhibit a Healthy Skepticism 154
Trust the Process, Not the Result 155
Avoid the Perils of Silos and Specialization 156
If Possible, Visualize 156
Seek Hybrids When Hiring 157
Think Direction First, Precision Later 157
Next 158
Notes 158

Chapter 9 The Inhibitors: Mistakes, Myths, and Challenges 159
Mistakes 160
Falling into the Traditional ROI Trap 160
Always—and Blindly—Trusting a Dataviz 161
Ignoring the Audience 162
Developing in a Cathedral 162
Set It and Forget It 162
Bad Dataviz 163
TMI 163
Using Tiny Graphics 163
Myths 165
Data-visualizations Guarantee Certainty and Success 165
Data Visualization Is Easy 165
Data Visualizations Are Projects 166
There Is One "Right" Visualization 166
Excel Is Sufficient 167
Challenges 167
The Quarterly Visualization Mentality 167
Data Defiance 168
Unlearning History: Overcoming the Disappointments of Prior Tools 168
Next 169
Notes 169

Part IV Conclusion and the Future of Dataviz 171

Coda: We're Just Getting Started 173
Four Critical Data-Centric Trends 175
Wearable Technology and the Quantified Self 175
Machine Learning and the Internet of Things 176
Multidimensional Data 177
The Forthcoming Battle Over Data Portability and Ownership 179
Final Thoughts: Nothing Stops This Train 181
Notes 182

Afterword: My Life in Data 183

Appendix: Supplemental Dataviz Resources 187

Selected Bibliography 191
