

SAS[®] Environment Manager Plugins for 9.4

Prerequisites

Platform	Installation Space Required
Any platform supported by SAS 9.4.0	2 MB

This readme applies to SAS Environment Manager plugins available for download on support.sas.com.

Before installing plugins for SAS Environment Manager, you must know:

- The hostname and port of the server running SAS Environment Manager
- The username and password of an admin user for SAS Environment Manager

Download the JAR file(s) to a location that is accessible to SAS Environment Manager. Do not put the download package in an existing SAS Software Depot or in the directory where you want to install.

Installing SAS Environment Manager Plugins for 9.4

1. Using a browser, access SAS Environment Manager and log in (e.g. <http://somehost:7080>)
2. Choose the **Manage** tab near the top of the page
3. Choose **Plugin Manager**
4. If any of the plugins downloaded are listed, check the box next to it and choose **Delete Selected Plugin(s)**. Confirm the action and wait until the operation completes (when all Agent Sync Status icons are green).
5. Click the **Add/Update Plugin** button at the bottom of the page
6. Click **Select Files** and choose each of the plugin JAR files downloaded (one at a time)
7. Click **Upload** and wait until the operation completes (when all Agent Sync Status icons are green)

Uninstalling SAS Environment Manager Plugins for 9.4

1. Using a browser, access SAS Environment Manager and log in (e.g. <http://somehost:7080>)
2. Choose the **Manage** tab near the top of the page

3. Choose **Plugin Manager**
4. Check the box next to the plugin(s) to remove and choose **Delete Selected Plugin(s)**. Confirm the action and wait until the operation completes (when all Agent Sync Status icons are green).

For Further Information

For more details on the use of SAS Environment Manager to manage plugins, see the SAS Environment Manager 2.1 Users Guide.
