What's New in SAS/ACCESS®: Netezza, HP Neoview, Teradata Upgrades, etc.

Howard Plemmons, SAS Institute Inc.

ABSTRACT

SAS® continues to provide data access products to give you access to your data and upgrades to existing products. This paper details two new products in the SAS/ACCESS® suite: SAS/ACCESS to HP Neoview and SAS/ACCESS to Netezza. Besides these new products, there is a significant investment in keeping our existing product base fresh. The What's new question applies here as well.
