Enhancements to SAS/GRAPH® in SAS® 9.2

Himesh Patel, SAS Institute Inc.

ABSTRACT

This paper will cover the key functionalities that have been added to SAS/GRAPH® in SAS® 9.2. Highlights include: the new SAS/GRAPH statistical graphics procedures, Network Visualization Workshop, Graphics Template Language (GTL), PROC GKPI, PROC GTILE, integration of styles with current SAS/GRAPH procedures, new device drivers such as SVG, a new set of TrueType fonts that will be shipped as part of SAS®, support for more than 256 colors for the devices that support them, several new map data sets, and a lot more. In addition, integration of ODS with graph procedures has been improved to automatically select the best device and size based on the output destination.

No paper was submitted for publication in the *Proceedings*. Check <http://support.sas.com/rnd/papers/> or contact the author.
